

New Operational accessories

Our research and development, quality, product management and manufacturing teams collaboration has enabled Elemental Microanalysis to add these high quality, great value, compatible products to our product range.

Increasing the genuine Labco products purchasable from Elemental at a competitive price; we now offer the blue capped 12 ml vials (**E2853-B**).

E7101, TC pre-filter (Analytik Jena® compatible part 402-881.229) has previously been available to purchase as part of a set compatible with 402-881.245 but is now available individually.

We offer two new Thermo Fisher Scientific® compatible fast connectors for gas lines and scrubbing tubes;

F4524 (19050208 equivalent) connects with the large adsorption trap CO₂, **F5162** (28113064 equivalent) and **F4525** (9050209 equivalent) connects with the water/carbon dioxide scrubber, **E2040** (28113060 equivalent).

And finally, we've added **F6202**— this is the smaller, 4 mm diameter bottom reactor connector compatible with Gerhardt Dumatherm® (14-0075)

These products and more are available to order from our ISO 9001 factory online, How can we help you?

Part description	Pack size	Part no.	OEM part no.	Compatible analysers
12 ml soda glass vial flat bottom 101 x 15.5 mm evacuated labelled, blue cap	1000	E2853-B	839B	Labco Exetainer®
TC prefilter (aerosol trap)	1	E7101	402-881.229	Analytik Jena® Multi EA4000/Multi NC2100-3100/ Multi X2500/Pharma TOC
Fast connector	1	F4524	19050208	Thermo Fisher Scientific® EA1112 CHNSO/FLASH 2000 CHNSO/Flash 2000 IRMS/Flash 4000/Flash Smart CHNOS/Nprotein/NA1112Protein/FLASH2000
Fast connector plus adaptor	2	F4525	19050209	Thermo Fisher Scientific® EA1112 CHNSO/FLASH 2000 CHNSO/Flash 2000 IRMS/Flash 4000/ NA1112Protein/FLASH2000
Bottom reactor connection, PTFE,	1	F6202	14-0075	Gerhardt Dumatherm®
