## New products for Skalar® Primacs series

Elemental Microanalysis is pleased to introduce a new range of glassware, consumables and other products for the Primacs series of carbon/nitrogen analysers from Skalar®.

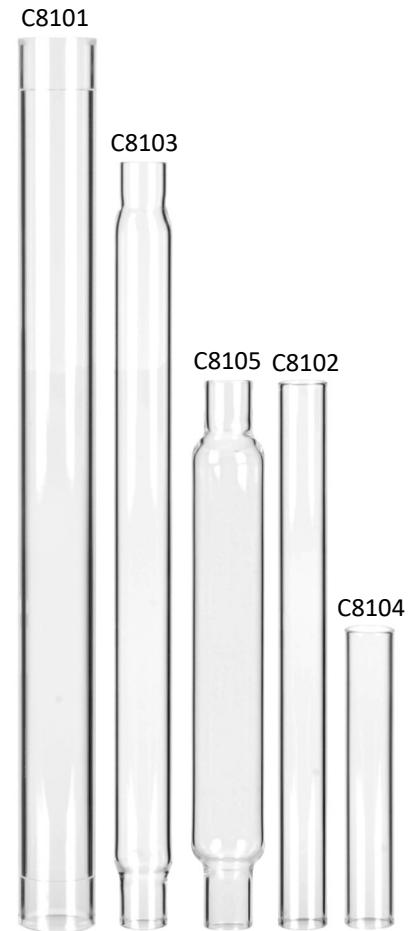

Depending on the application, various analysers are available. For example, the Primacs<sup>SNC-100</sup> offers determination of nitrogen (N), protein, total carbon (TC), total elemental carbon (TEC), total inorganic carbon (TIC) and total organic carbon (TOC) all in one unit, in applications such as soil & plant, sludges & sediments, animal feed & grain, food, and fertilizer.
